

## A MAN AND HIS DREAM

In the early 1960's, Robert Babcock looked around himself and saw so many lonely people over 50 years of age, living alone, with no families, few friends and nowhere to go.

One day, he suggested to his wife, Florence that they should have a party and invite these people. Week after week, eighteen people would come together and they in turn brought friends. The eighteen people were the Golden Age Club Charter Members.

After several moves, the club was finally housed in the old Worthington street school. The club had the opportunity to purchase the property through fund raising and the efforts put forth by the members. Caring members recognized the need for affordable seniors' housing in North Bay and they agreed to sell that property to the then Ontario Housing Authority with an agreement that the club would rent space in the new building for the Centre.

Now, many years later, the North Bay Golden Age Club has an active membership of over 500 men and women. It is a spacious and accessible facility designed with seniors in mind. This allows the members a chance to socialize and share their knowledge and experience with others.

The doors are always open for anyone wishing to join in on the activities and projects that the club members participate in. (Some fees may apply). This is the place where, "You are only a stranger once." New faces, ideas, and thoughts are welcome with open arms. Drop in to see us soon!

## COME JOIN US!

If you are 50 years of age or older and would like to be a part of an enthusiastic group of people, you have the opportunity to participate in all activities that are sponsored by the club. Want to be an active member in your community? YOU can become a member by dropping into the Centre and filling out an application form for membership (Most members have joined before they retire). Membership is only \$20.00 per calendar year. Membership meetings keep everyone well informed as to all aspects of the club and also provide a forum for seniors to get information on issues and concerns. Monthly meetings with members and guest speakers provide a time for members to spend time together, meet new friends, socialize and perhaps renew long-term friendships.

All members are encouraged to volunteer in any aspect of the club's social functions, like fund raisers, Teas, Luncheons, Saturday Night dance food preparation, Reception, convening an activity, and various other opportunities they feel they may have a talent for.
